

First and Last Name

I know that calling **Phone #** or visiting **Home Address** would be a convenient way to have a chat with you if you don't act. Don't even try to escape from this. You have no idea what I'm capable of in **Town/City**

It's important you pay attention to this message right now. Take a minute to relax, breathe, and really dig into it. We're talking about something serious here, and I don't play games. You don't know me but I know you very well and right now, you are wondering how, right?

Well, you've been treading on thin ice with your browsing habits, scrolling through those videos and clicking on links, stumbling upon some not-so-safe sites. I actually placed a Malware on a porn website and you accessed it to watch(if you know what I mean). And while you were busy watching our videos, your smartphone started functioning as a RDP (Remote Protocol) which provided me total accessibility to your system. I can look at everything on your screen, flick on your cam and mic, and you wouldn't have a clue. Oh, and I have got access to all your emails, contacts, and social media accounts too.

Been keeping tabs on your pathetic existence for a while now. It is just your hard luck that I discovered your misdemeanor. I invested in more time than I probably should have exploring into your data. Extracted quite a bit of juicy info from your system. and I've seen it all. Yeah, Yeah, I've got footage of you doing filthy things in your room (nice setup, by the way). I then developed videos and screenshots where on one side of the screen, there's whatever garbage you had been watching, and on the other part, it is your vacant face. With just a click, I can send this filth to every single of your contacts.

I feel your worry and confusion. Genuinely, I am ready to wipe the slate clean, and let you continue with your regular life and wipe your slate clean. I will give you two options.

First Alternative is to disregard my email. Let's see what will happen if you pick this option. Your video will get sent to all of your contacts. The video is straight fire, and I can't even fathom the embarrassment you'll face when your colleagues, friends, and fam see it. But hey, that's life, ain't it? Don't be playing the victim here.

Second option is to pay me, and be confidential about it. We'll name this my "confidentiality fee". Lets see what happens when you choose this choice. Your filthy secret will remain your secret. I'll destroy all the data and evidence once you send payment. You'll transfer the payment through Bitcoins only. I want you to know I'm aiming for a win-win here. I'm a person of integrity.

Required Amount: USD 2000

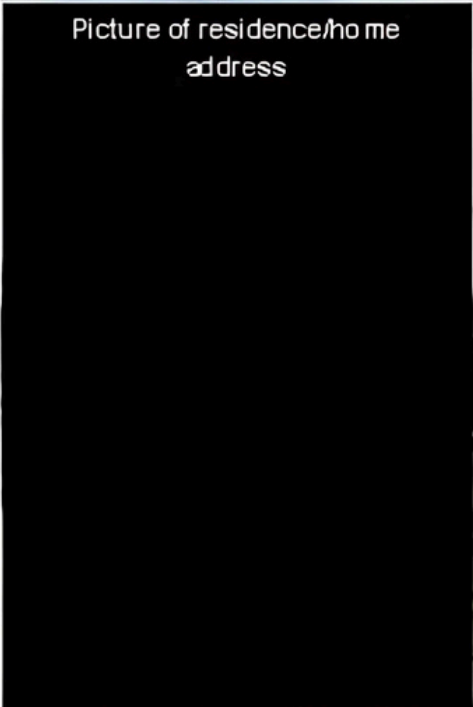

BTC ADDRESS: **Bitcoin Payment Address**

Once you pay up, you'll sleep like a baby. I keep my word.

Important: You have one day to transfer the amount and I will only accept Bitcoin. I've a specific pixel in this e mail, and at this moment I've been notified that you have read through this message. This email and Bitcoin address are custom-made for you, untraceable. If you are unfamiliar with Bitcoin, google it. You can buy it online or through a Bitcoin ATM in your neighborhood. There's no point in replying to this email or negotiating, it's pointless my price is fixed. As soon as you send the complete payment, my system will inform me and I will wipe out all the dirt I got on you. Remember if I suspect that you've shared or discussed this email with someone else, your garbage will instantly start getting sent to your contacts and I will post a physical tape to all of your neighborhood next week. And don't even think about turning off your phone or resetting it to factory settings. It's pointless. I don't make mistakes, Name
