SEVEN TIPS for throwing the perfect GREEN summer party!

Warmer weather and lighter summer schedules make it the perfect time to celebrate with family and friends. Whether you're hosting a small get-together or a big soirée, an eco-friendly summer party is great for the environment. TD Friends of the Environment Foundation offers creative ways to help you throw a fun green summer party!

Create coffee tables for drinks and snacks using leftover wood pallets from your local hardware or grocery store. Stack a few pallets on top of each other and top with a few trays to make a great outdoor table, or add patio cushions and pillows for extra seating.

Add country flair by drinking out of mason jars. Serve drinks using pitchers instead of single-serve packages, which can be an extra cost and create waste.

Source locally crafted beer and wine, as well as produce, seafood and meat where possible.

Decorate with potted plants or herbs that can be added to your garden after the party or given to guests as mementos.

Light up the night and save energy by using solar or LED outdoor lighting options. A single LED light lasts up to 25,000 hours while an incandescent lightbulb lasts about 1,500 hours.

Looking to dress up your tables with centre pieces? Use potted plants in decorative containers and offer them as gifts or prizes for your guests to take home.

Don't forget to offer recycling and composting options for eco-friendly waste disposal.

A bridegroom wakes on his wedding morning in his own bridal suite and finds a strange girl in bed beside him. In the depths of his hangover, he can't remotely remember her.

Worse - during the ensuing panic to get the stranger dressed and out of the way, the bride arrives and the girl is trapped in the bathroom. The only way out of the dilemma is to persuade the best man to pretend that the hidden girl is his girlfriend. Then the problem is that the best man's real girlfriend has to be kept ignorant of the fact. By the time the bride's mother and the hotel staff get in on the act, the chaos reaches epic proportions!

EAGLE CANYON ADVENTURES

Eagle Canyon Adventures is Lake Superior's Circle Tour #1 Adventure Attraction. We are home to both Canada's longest suspension bridge AND Canada's longest zip line. Our bridge extends an amazing 600 feet across the canyon and hangs at the height of 152 feet above the canyon floor. If one bridge wasn't enough, we also have our smaller bridge which spans 300 feet across and 125 feet from the bottom.

CANADA'S LONGEST ZIP LINE SUSPENSION FOOT BRIDGE

Cross the suspension bridges for an unforgettable thrill or simply witness for yourself, from an eagle's perspective, the majestic span of the bridges and absorb the beauty of your unique surroundings. View the depths of the canyon where a beautiful spring-fed lake reflects the breathtaking mountain range in the distance.

Your journey doesn't end at the top. Explore our numerous wilderness trails, follow the stairs cascading into the canyon and hike along the shoreline for a complete grand tour of the grounds.

For the ultimate thrill seeker, take a ride on Canada's longest, highest, fastest and safest zip line. At half a mile long, 175 feet high and reaching speeds in excess of 45 mph, you will soar like an eagle down the centre of the canyon for an exhilarating 60 second thrill ride to the canyon floor.

Whether you are looking for the ultimate adventure or for relaxation at an outdoor paradise, Eagle Canyon is your all-in-one destination.

We are just minutes away from all the amenities the town of Dorion has to offer, and only 45 minutes East of Thunder Bay.
