LIGHT BULBS FULLY ADAPTED TO COTTAGE LIFESTYLE

If you own a cottage in a remote area, you know how important being ecoenergetic is. Using LED bulbs and lamps is a good way to reduce your lighting energy consumption.

12V REPLACEMENT BULBS

We carry a full range of 12 V LED and fluocompact bulbs.

12V LED LIGHTING FIXTURES

Take a look at our standard and recessed lighting fixtures designed for your various lighting solutions: cottage, RV, office, etc.

120V ECOENERGETIC LED BULBS

Go green with these lead and mercury free 120V LED bulbs that use up to 85% less energy than conventional ones. They last so long you might never need to replace them!

3-WAY COOLER/FREEZER

MR-45, MR-55

Keep your food and drinks cold anywhere you go with this Martin's cooler. With its three-way power source, you will always be prepared.

18000 BTU

DIRECT VENT HEATER

PROPANE WATER-HEATER

330PN-LP

This BOSCH's instant water heater runs on propane. It provides hot water on demand for as long as you have propane.

BOSCH

TRUST THE EXPERTS

 PURCHASE WITH THE BEST ADVICE

Our specialists in the field will assist you to make the right choice. In addition, Batteries Expert shares 50 years of experience and gained knowledge through **Enlightning Advice** posted regularly on our website. Here are few examples:

DEEP CYCLE BATTERIES

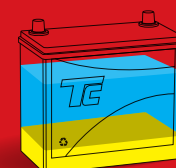

What is a deep cycle battery? How does it work? What is the maintenance? Is it true that we can fully discharge it? What can I do to maximize battery lifetime? You will find all the answers to these questions and more reading this **Enlightning Advice!**

WHY MY GARDEN SOLAR LAMP DOESN'T WORK ANYMORE?

Your solar lamps were working well last summer, but this spring everything has gone wrong... Is the winter climate responsible for it? How to maintain these lamps to attain their maximum lifespan? Learn more with this **Enlightning Advice!**

WHAT IS STRATIFICATION?

Your stored vehicle doesn't start up and you found out that your battery is flat. It hasn't been used and should therefore be working? In this **Enlightning Advice** learn why it is important to maintain your inactive battery and what is the stratification phenomenon.
